

Leisure Experience Report

Student:	John Smith
Activity:	Basketball
Location:	Seacoast Sports Club
Date:	January 9 - current

Description of activity:

A community based leisure activity at Seacoast Sports Club in Portsmouth, NH. John participates with other peers from his classroom one day per week, to play basketball. The students practice bouncing, dribbling and shooting the ball into the net with coaching from a staff member.

Student's progress with the activity:

John enjoys this leisure recreational sport and is making good progress with this community based leisure program. He works on following simple directions, gross motor skills and interacting with peers.

Tools/supports student needed to complete the activity

John is able to engage in playing basketball with his peers with minimal adult verbal cues and gesture prompts. He does not take cues from his peers.

Notes:

Since the gym can be loud and John is sensitive to loud noises, he prefers to wear his dead phones while he plays.

Student's self assessment of activity:

Name: John Smith **Activity:** Basketball **Date:** May 21, 2016

Yes, I like this and I want to do it again!

No, I don't like this and I do not want to do it again.
